

[Graduate Trainees – Network and Infrastructure Engineering](#)

KENET invites suitable recent university graduates to apply to join the one-year Graduate Trainee program at KENET that aims to develop capacity in Network Engineering.

Applicants must have graduated in the past two years or less from the date of this advert in Electrical Engineering or equivalent with interest in computer networks and telecommunications. The engineering degree program must be accredited by the Engineering Board of Kenya. Proficiency in at least one computer programming language will be mandatory.

All candidates must have demonstrated good or excellent oral and written communication skills, high ethical and moral standards and capable of working in teams with limited supervision.

Interested and qualified persons should visit the KENET recruitment portal at https://recruitment.kenet.or.ke/?q=2019_job_application for submission of their application.

Applications should be submitted not later than February 22, 2019. Only shortlisted candidates shall be contacted to attend interviews at KENET within two weeks from the date of the deadline for submission of applications.

KENET is an equal opportunity employer and promotes diversity. Female candidates as well as candidates from marginalized or semi-arid areas are encouraged to apply.

A competitive remuneration package commensurate with the position shall be offered to the successful candidates

NOTE: Applications submitted in hard copy format will not be considered.
